

Eco-friendly urban living.

URBAN FURNITURE
MADE FROM RECYCLED PLASTIC

Priorities evolve.

Respect for the environment and responsibility in resource use are non-negotiable.

Our Eco-Friendly urban furniture collection is made from recycled materials sourced from selective collection of urban, marine, and post-consumer waste.

Ecological

Eco-friendly material, environmentally safe and non-polluting.

Recycled

Made from recycled plastic.

Maintenance-free

No maintenance required, neither humidity nor corrosion affect it.

Natura bench

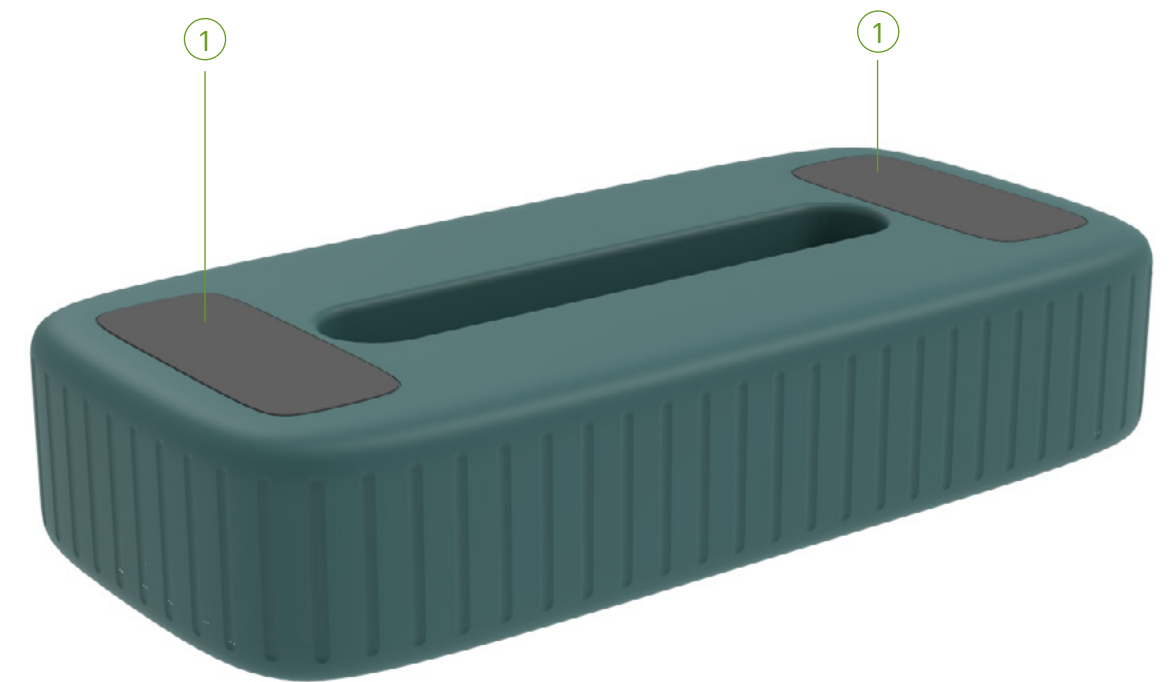

Powered by Bioo

100% Recyclable
Made with
recycled plastic
Without maintenance

The Natura bench, made of recycled polyethylene, is sustainable and maintenance-free. It offers maximum functionality, serving both as a planter and a bench. The bench generates points of light at night in an autonomous and sustainable way.

2000 x 960 x 450 mm.

The energy is obtained from two sources fully integrated into the bench:

- ① Two solar panels (solar energy): through sun exposure, they store energy.
- ② Bioo Panel (biological energy): We obtain energy from the organic matter in the soil as fuel, harnessing the natural processes that take place in it, through the Bioo Panel.

EcoCity benches

EcoCity benches and chairs made from recycled plastic.

100% Recyclable
Made with 100% recycled plastic
Without maintenance

■ It complies with accessibility regulations.

EcoCity bench

Mod. ECOCITY-BANCO-PRM
Mod. ECOCITY-BANCO-WPC

EcoCity bench with 5 slats of 100% recycled plastic brown in Colour and thermoplastic legs with recycled material.

1800 x 680 x 830 mm.

Available in 2 materials

Recycled plastic (PRM)

Technical wood (WPC)

See differences between PRM and WPC.

EcoCity chair

Mod. ECOCITY-SILLA-PRM
Mod. ECOCITY-SILLA-WPC

EcoCity chair with 5 slats of 100% recycled plastic brown in Colour and thermoplastic legs with recycled material.

600 x 680 x 830 mm.

Available in 2 materials

Recycled plastic (PRM)

EcoCity Urban bin

Polyethylene trash bin
made from recycled plastic.

100% Recyclable
Product made
with recycled plastic
Without maintenance

EcoCity urban bin

Mod. ECOCITY-PAPELERA

Corten finish with
wood imitation

EcoCity bin made of high-density polyethylene (HDPE), contains recycled material, brown Colour, UV-treated, eco-friendly and recyclable, maintenance-free, highly robust, equipped with a stainless steel bag holder ring.

600 x 680 x 830 mm.

■ Equipped with a stainless steel bag-holding ring

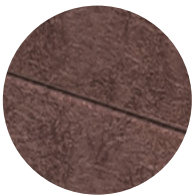

Flora planters

Planters made of 100% recycled material, maintenance-free.

100% Recyclable
Product made from 100% recycled material
Without maintenance

Planters made of recycled plastic (PRM)

Flora range planters, made entirely of 100% recycled plastic slats, maintenance-free, with stainless steel fittings.

Mod. J-20-PRM-600
600 A x 600 B x 480 H

Mod. J-20-PRM-1000x550
1000 A x 480 B x 480 H

Mod. J-20-PRM-1000x1000
900 A x 900 B x 480 H

Mod. J-20-PRM-1800
1800 A x 600 B x 480 H

Planters in technical wood (WPC)

Flora range planters, made entirely of WPC technical wood slats (50% rice husk and 50% recycled plastic), maintenance-free, with stainless steel fittings.

Mod. J-20-WPC-600
600 A x 600 B x 480 H

Mod. J-20-WPC-1000x550
1000 A x 480 B x 480 H

Mod. J-20-WPC-1000x1000
900 A x 900 B x 480 H

Mod. J-20-WPC-1800
1800 A x 600 B x 480 H

**CUSTOM MANUFACTURING
ACCORDING TO NEEDS
AND SPECIAL SIZES.**

Sustainable Picnic Tables

Picnic tables made of recycled material, maintenance-free.

100% Recyclable
Made with 100%
recycled plastic
Without maintenance

See differences
between PRM
and WPC

Picnic table in recycled plastic (PRM)

Mod. E-PICNIC-ECO

Eco-type picnic table with brown recycled polymer slats, consisting of two benches and a table.

1800 x 1400 x 755 mm.

Picnic table in technical wood (WPC)

Mod. E-PICNIC-WPC

WPC polymer picnic table measuring 1800 x 1580 x 750 mm, with slats made of 100% recycled material (50% recycled plastic and 50% biomass – rice husk). Supplied semi-assembled.

1800 x 1580 x 750 mm.

■ Packaging

Supplied semi-assembled.

Salou and Canada Bins

Bins in technical wood.

100% Recyclable
Made with 100%
recycled material
Without maintenance

Salou bin in technical wood

Mod. C-21S-WPC

Salou-type bin with metal structure and WPC technical wood slats, 60L capacity without inner container, with bag holder.

Dimensions Ø 449 x 752 mm.
Capacity 60 liters
Colour Dark brown

Canada bin in technical wood

Mod. C-2010-WPC

Canada model bin with oven-cured epoxy painted steel structure and WPC technical wood slats.

Dimensions 420 x 420 x 700 mm.
Capacity 55 liters
Colour Dark brown

Scuderia Plast bin

Polyethylene bin
made of 100%
recycled plastic.

100% Recyclable
Made with 100%
recycled plastic
Without maintenance

CERTIFIED
PRODUCT

Polyethylene bin

Mod. C-2009-PLAST-ECO

Scuderia model litter bin made of polymer thermoplastic containing urban waste, from selective and post-consumer collection, with a capacity of 60 liters, it is resistant and economical, with stainless steel screws.

Capacity 60 Liters
Colour Grey - AT

■ **Optional**

Bagless bucket

Mod. C-2009-PLAST-CUB

Capacity 60 Liters
Ø 380 X 620 mm.

Eco-Ocean Series

Benches and bins manufactured in recycled plastic from the sea.

100% Recyclable
Material made from plastic waste sourced from the sea
Without maintenance

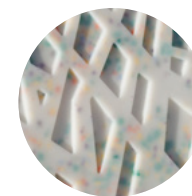

CERTIFIED
PRODUCT

Maverick Ocean bench

Mod. C-1018-PLAST-OCEAN

Bench made of thermoplastic material recovered from marine origin, with great robustness, does not require maintenance, with stainless steel screws and UV protection.

Length 1700 mm.

Ibiza Ocean bin

Mod. P-231-OCEAN

Bin made of thermoplastic material recovered from marine origin, with UV protection, with a capacity of 80 litres, stainless steel screws, fittings and hinges, with a closing system and an ashtray on the top.

Capacity 80 Liters
400 x 600 x 1090 mm.
With ashtray

Eco-Urban Series

Benches and bins manufactured in recycled plastic from urban waste.

100% Recyclable
Material made from plastic waste coming from urban packaging
Without maintenance

CERTIFIED
PRODUCT

Maverick Urban bench

Mod. C-1018-PLAST-URBAN

Bench made of polymer thermoplastic containing urban waste, from selective collection and post-consumer, does not require maintenance, with stainless steel screws and UV protection.

Length 1700 mm.

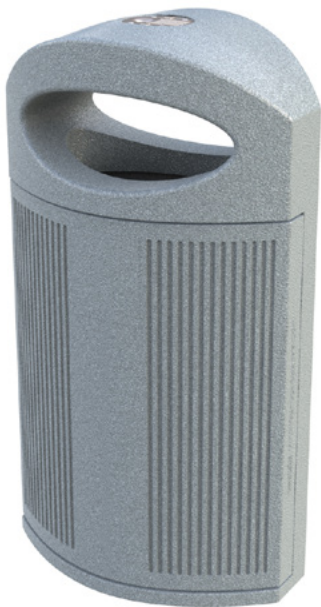

Ibiza Urban bin

Mod. P-23I-URBAN

Bin made of polymer thermoplastic containing urban waste, from selective and post-consumer collection, with UV protection, with a capacity of 80 liters, with a closing system and ashtray.

Capacity 80 Liters
400 x 600 x 1090 mm.
With ashtray

Modo 08

Eco-friendly benches,
made from recycled materials.

100% Recyclable
Slats made of 100%
recycled plastic
Without maintenance

Recycled plastic bench

Mod. MODO08-1800A-PRM

MODO08 bench with painted
hammered iron legs, 6 slats made
of brown recycled polymers, and
stainless steel screws.

1800 x 624 x 784 mm.

Technical wood bench

Mod. MODO08-1800A-WPC

Mod. MODO08-1800-MT

Slats are made of the same
composition: 100% recycled material
(50% recycled plastic and 50%
biomass – rice husk).

1800 x 624 x 783 mm.

1800 x 622 x 787 mm.

Circuits of games for children

Games and socialization

100% Recyclable
Slats made of 100%
recycled plastic
Without maintenance

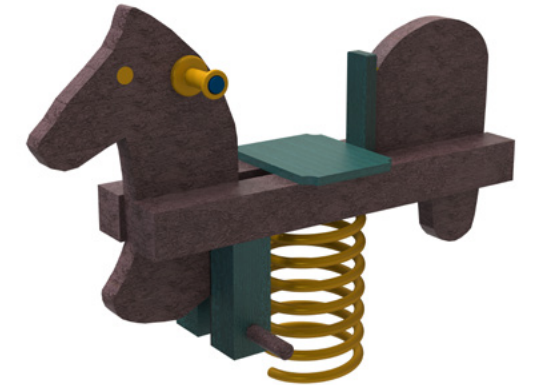

MULTIPLAY Dock Recycled Plastic

Mod. PRM-BAL-002

PRM spring in the shape of a horse, the game has an internally reinforced structure that provides exceptional stability, the profiles are made with a mixture of recycled plastics that makes this game a 100% ecological product with zero environmental impact, the body is made up of tail, head, seat and footrest.

Outside length 1060.00 mm.
Width 450.00 mm.
Height 830.00 mm.

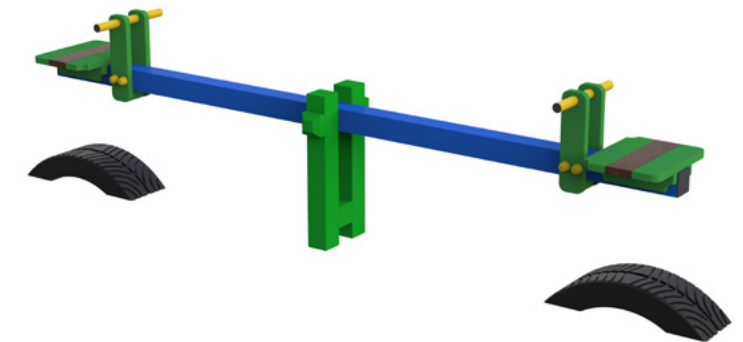

MULTIPLAY Rocking Horse

Mod. PRM-BAL-001

The PRM seesaw, manufactured with internally reinforced posts that provide remarkable stability, features profiles made from a blend of recycled plastics, making the toy 100% eco-friendly and with zero environmental impact. The set consists of a central beam, two side seats, and a balancing system fixed to the ground. The seats include hand grips and footrests.

Outside length 2700.00 mm.
Width 690.00 mm.
Height 700.00 mm.

2-SEAT CHILDREN'S SWING Plastic REC.

Mod. PARC-PRM-1

Two-seater children's swing with painted steel beam, with polyethylene side closures and supports made with a mixture of recycled plastic materials that makes the game 100% ecological and with zero environmental impact.

Outside length 3400.00 mm.
Width 2000.00 mm.
Height 2500.00 mm.

100% Recyclable
Slats made of 100%
recycled plastic
Without maintenance

MULTIPLAY Playhouse Recycled Plastic

Mod. PRM-PLAY-001

MULTIPLAY playhouse, with a house-shaped structure and polyethylene roof, the profiles are made with a mixture of recycled plastics, making the house 100% ecological and with zero environmental impact.

Outside length 2100.00 mm.
Width 1250.00 mm.
Height 1850.00 mm.

Multiplay High House Recycled Plastic

Mod. PRM-PLAY-002

The MULTIPLAY High House consists of a large slide, structure and slide made of polyethylene, the balls are made with a mixture of recycled plastics, which makes the house 100% ecological and with zero environmental impact.

Outside length 4000.00 mm.
Width 2300.00 mm.
Height 2900.00 mm.

MULTIPLAY Set Recycled Plastic

Mod. PRM-PLAY-003

The MULTIPLAY set consists of two large slides, the structure and slides are made of polyethylene, the profiles are made from a mixture of recycled plastics which makes the game 100% ecological.

Outside length 6000.00 mm.
Width 4600.00 mm.
Height 3000.00 mm.
